Craig Cooley, EMA Director
Mark Kelley, Police Chief
Abbie Leonard, Harbor Master
Bruce Woodward, Fire Chief – No Report - Out

Virginia B. Lindsey
Rockport Finance Director
Monthly Report - March 2011

The finance department is responsible for the administrative and accounting work necessary to maintain the town's finances. Work involves maintaining the chart of accounts, preparing monthly financial reports, preparing payrolls (including all required state and federal payroll reports and taxes), preparing accounts payable warrants, reconciling bank statements, preparing insurance renewals, and submitting claims (auto, property and casualty, workers compensation claims), and a number of other bookkeeping requirements. Annually, the finance director assists the town manager in the preparation of the town's budget.

The report for the month of February 2011 includes the following:

- Investments decreased during the month of March from the previous month by 0.62%.
- Interest earned on general funds remained at the low rate of 0.20%. The interest rate earned as far back as January 2009 was also 0.20%. The interest rate has remained unchanged for 27 months.
- Taxes paid to date represents 63.5% of taxes committed for FY 10-11.

TOWN CLERK
MONTHLY REPORT
MARCH 2011

- **We issued 3 (1) Hunting Licenses, 2 (3) Fishing Licenses, 0 (7) Hunting and Fishing Licenses, 0 (1) Migratory Waterfowl Hunt, 0 (1) Expanded Archery Antlerless, 1 (1) Resident Archery, 0 (3) Spring/Fall Turkey, and 0 (1) Muzzleloader Hunting License. Fees collected totaled $150.00 ($543.25).**

- **25 (54) Boat Registrations, 1 (3) Snowmobiles and 0 (0) ATV Registrations were issued. Fees collected were $2159.00 ($1,997.75), which includes $1,465.00 ($488.75) for sales tax.**

- **We issued 35 (51) dog licenses at a fee of $147.00 ($216.00). Maynard Stanley, Animal Control Officer will be contacting anyone who has not licensed their dogs and will possibly summons them to court.**

- **Processed 7 (7) transfers, 162 (169) passenger cars, 0 (3) antique vehicle, 16 (10) commercial vehicles, 19 (46) trailers, 2 (2) motor home, 5 (9) motorcycle, 0 (3) special equipment, 1 (4) tractor/special mobile, 1 (1) Farm Truck, 0 (8) duplicate registrations and 4 (3) duplicate stickers. Monies taken in for these transactions (excise tax) totaled $44,640.65($50,497.29). This is an 11.60% decrease.**

- **We processed $1,293,630.73 in real estate taxes this month compared to last year's $537,298.68. On March 16th, we automatically foreclosed on 1 (1) residence, 5 properties (owner unknown) and 3 (6) timeshare units (Samoset). This was for 2008 unpaid real estate taxes. Real Estate taxes are due April 15th.**

- **Harbor Fees are coming in with fees due by the close of the day on May 1st. On May 2nd the fees for moorings and tie-offs are subject to a late fee of $50 per month for up to 2 months. We collected $8,680.00 ($27,845.80) for mooring, tie-off, dinghy rack space, etc. and waiting lists fees. We also collected $1,753.30 ($2,819.41) in boat excise tax.**

- **I attended a Select Board meeting and took minutes for same. I also attended two Budget Meetings. Nomination papers are available for the following openings: 2) 3 year term for Select Board and Overseer of the Poor , 3) 3 year term for the Budget Committee, 1) 3 year term for Library Committee 1) 3 year term for Director of SAD #28 and to also serve concurrently on the Five Town CSD School Board. They will need to be returned to me by the end of the day on April 22nd.**

***The first number represents 2011 and the second one in parenthesis 2010**

Office of Planning and Community Development
Monthly Report – March 2011

Permits

Miscellaneous Permits: Twenty-one permits were issued in March 2011. The figure included 4 building permits, two new dwellings, signs, entrance and a use permit. Eleven permits were issued in March 2010.

Plumbing and Subsurface Wastewater Permits: Four internal plumbing permits and two subsurface wastewater disposal permits were issued in March 2011. Four internal plumbing permits were issued in March 2010.

Boards & Committees

Planning Board: The Planning Board met in March 2011 to continue their review of the proposed Village at Rockport which would create nine housing units at the former Spruce Ridge Inn. The Board also reviewed an application from Frost and Bryant Construction to construct a 3,120 s.f. tradesman's shop on West Street. The I In March 2010 the Planning Board reviewed applications for a take-out restaurant, a 6,000 s.f. light industrial and light manufacturing building and an after the fact lot line revision on Chris Road.

Zoning Board of Appeals: The Zoning Board of Appeals did not meet in March 2011 or March 2010.

Harbor Committee: In March 2011 the Harbor Committee continued the discussion of marine & storage fees, and reviewed an application from John Hansen for the construction of a pier, ramp and float. The Harbor Committee did not meet in March 2010.

Conservation Commission: The Conservation Commission met in March 2011 to discuss Goodies Beach, Clam Cove and the Green Lawn Project.

Ordinance Review Committee: The Ordinance Review Committee held a public informational meeting on March 17, 2011 on proposed ordinance changes. The proposed ordinance changes will move forward through the review process with a Planning Board public hearing scheduled for April 6, 2011 and a Select Board public hearing scheduled for April 19, 2011.

Projects

SHIP Grant – Harbor Floats: Tom Ford and Abbie Horton continued to work with an MDOT representative and Gartley and Dorsky to complete the design and MDOT review process for the Harbor Float project. The RFP should be ready to go in April.

Rockport Elementary School Revitalization Project: The Planning Office hosted three open house sessions at the Rockport Elementary School. Approximately 30 residents attended the open house and inspection of the property. Five responses to the 'Request for Conceptual Development Proposals' were received. The RES Committee began the process of reviewing proposals.

Downtown TIF: The Planning Office scheduled three community conversations in late February and early March to inform and educate Rockport citizens on the history of tax increment financing districts, the proposed development plan for the Downtown District and the fiscal implications of a Downtown TIF.

Energy Conservation Project: The Planning Office received formal notification that Rockport was the recipient of a $36,225 grant to improve energy efficiency at the Opera House.

Information and supporting documentation on all permits and projects is available for public review at the Planning and Community Development Office.

March 2011
Department Head Report
Kerry Leichtman
Assessor

Information Requests: Received a variety of requests from lawyers, real estate brokers, insurance and mortgage companies, and appraisers for valuation and ownership information on a variety of properties.

Received information requests from residents with various valuation and other assessing related questions.

Of particular note was a message I received from an elderly resident asking me if I could separate his business from his residence on his parcel. I returned the call and the woman who answered was surprised when I told her whose call I was returning because the person who called me was in a nursing home with congestive heart failure and not able, as far as she knew, to use a telephone.

Abatements/Supplementals/Exemptions: This was a tough month for our valuation. (1) I had to approve a Tree Growth application that reduced the value of a parcel from $85,700 to $6,900. (2) The Coastal Mountains Land Trust is buying a property on the western end of Town that will remove around $100,000 of value this year and another $400,000 by the end of 2013. (3) A representative from Friends of Maine Seabird Islands along with a Refuge Manager from the US Fish & Wildlife Service came by with an exemption application for a property that has been deeded to them from a resident. The property is valued at $252,000. As a US government entity I will have no choice but to grant them the exemption. (4) Mid-Coast Recreation has applied for exempt status. That property is worth $2,799,500. (5) Issued an abatement to a resident for $211,400. This last one is the only one I don't mind as it makes right a wrong assessment. This is a total of $3,441,700 loss of value. Not all of the above are done deals, but chances are they will be. We have very little latitude on exemptions. In most cases I have to follow and apply the law even when I disagree with the situation.

Discovered that a leasing company failed to report a piece of equipment worth $122,000 and leased to Camden Printing. I issued Supplemental Tax bills to them that total almost $5,000. I can only go back three years on Supplementals.

Notified some residents of the need to get Homestead Exemptions filled out by April 1.

File this under pleasant surprise: A resident called to tell me they think they've been receiving a Homestead Exemption but shouldn't be. I feel bad issuing a Supplemental Tax bill to them, but I will.

Personal Property: Eileen and I are in full Personal Property mode. I wrote this years' PP letter, edited the PP Schedule form for 2011, updated our Vision business property files, created labels for the mailing (about 350), created spreadsheets for entering the data as it comes in. Eileen then checked those labels against the files in our cabinets, copied my letter and the 2011 schedules, stuffed the envelopes, ran them through the postal meter and got it all into the mail in record time. The returns started coming back to us within two days. As the returns come in Eileen does all of the data entry work. She and I are compiling a list of businesses that would benefit from the BETE or BETR tax relief programs. Most businesses are not aware that the programs exit or how to access them. Each year we try something new – one year Judy and I ran a workshop aimed at helping people fill out the forms. This year we will contact each business on our compiled list and offer them an appointment to come in and get the forms filled out with us helping.

Property Inspections: There's too much snow and/or mud and not enough black flies to get inspections started but I'm ready to get going on them. I received my door hangers early in March.

I did inspect a few properties at the request of their owners. All seemed to me to be correctly assessed. Though when looking for a property on Acorn Lane I found that most of the homes in that

subdivision do not have their street addresses adequately displayed, this according to E-911 and town ordinance. I will be contacting the residents asking them to get their numbers displayed.

E-911: Speaking of E-911, I got a call from one of the E-911 managers in Augusta about a few Rockport properties that seemed out of compliance to them. She asked me to check them out. Most of the properties on her list were known to me and I was able to respond without visiting them. I drove out to Spring Lane where there were two properties not in correct E-911 sequence. Without going into the details of it, one of the residents told me she would in no way, no how change her address. I laughed with her about it – she wasn't giving me a hard time – but told her I doubted her resistance would be successful. I checked with E-911 and they said to go slow in forcing compliance, but do force it.

Training: Attended/hosted a mid-coast assessors meeting in which wind power was discussed. One of our group was involved in a controversy regarding the assessed value of windmills in Freedom. Another person has been involved in legislation regarding windmills. Of particular concern to assessors is what is the value of a windmill, what is the value of the land it sits on, what affect do windmills have on surrounding properties' values – and how far from the windmills are properties affected?

Mapping: Worked with Mike White on updating parcel maps and his continuing to train me on editing maps in ArcGIS. It is not an easy system to learn.

At this point in time we are ahead of schedule on updating the tax maps. Next month Mike will help me create mapping tools that will greatly enhance my ability to compare properties to one another.

2011 Budget: What a mean-spirited process. I've created plenty of budgets during my experiences in business but have never been involved in something like this. Plenty more I could say but won't.

TIF: Worked with Bob and Tom, and with consultant Jim Damicis and Mike Sabatini to be as precise as possible with estimating anticipated improvements in the downtown TIF area so that we can, as accurately as possible, estimate TIF revenues.

Deed Work: Eileen and I processed two months' worth of deeds and transfers as Maine Revenue Service, for some reason, got behind on moving them through the state system. I've been continuing to tackle tough deed issues and have successfully put some of them to rest. These are deeds that either don't make sense or whose parcel shapes do not measure up well with the parcel shapes we have in our system.

We have a number of "owner unknown" properties. Bob, Linda and I are involved in processing these properties with the aim of selling them. There are abutting property owners interested in acquiring some of them.

State Filings: The first official filing of the 2011/12 tax year is the "Ratio Declaration and Reimbursement Application" form has been filed. Let the games begin.

TO: Robert Peabody, Jr., Rockport Town Manager & Board of Selectmen
FROM: Sue Dates, Rental Agent
RE: **Opera House Department Head Report**
DATE: **March 2011**

During the month of March BCC used the building for one concert and rehearsals and Camden/Rockport Animal Rescue League held a dance.

Revenue for March was $475.00. The Opera House was used for at least one event on 10 of the 31 days.

Town meetings held in the Opera House Meeting Room this month were Select Board meeting (1 meeting was canceled) and the Planning Board. The Zoning Board meeting was canceled. There were 2 Select Board/Budget Committee meetings to review the 2011-12 budget and these were televised. VIE held two meetings and the C/R/L Chamber of Commerce held a State Development meeting in the meeting room.

Maintenance this month included picking up and putting back the chairs in the auditorium for the dance and a special set up for the budget review meetings in the meeting room. We thought we had a plumbing problem, but the drip was gone when the plumber got there. (Luckily, we have a great plumber who didn't charge for this visit.) One of the toilets in the ladies room had a problem and that was repaired. We used the lift from the CSD to adjust the spot lights and remove the gels from the play and get the stage ready for BCC. Randy has done some cleaning and a few repairs. The chair lift wouldn't go up for the BCC concert, so we have called the repair company. They found that buttons had been pushed and this stopped the lift from going up. There will be a sign on the chair lift to let people know that this is not a toy, as this has happened several times – we just realized it before we had to pay for a service call. Fire Safe Equipment repaired 2 leaks in the sprinkler system in the meeting. They attempted to do a test of the system, but found scale in the pipes. They will need to come back after freezing weather has completely passed to fill the system and flush the scale out. The sprinkler still works – it just needs to be cleaned out. This full check of the system needs to be done every 5 years and the flushing is only done when scale is found in the pipes.

Last year maintenance included: cleaning up before, during, and after several events from concerts, rehearsals, dances, dinners, board meetings, and other meetings. A small amount of painting was done along with the general cleaning. The revenue was $1,213.75 and the Opera House was used for 20 of the 31 days for at least one event each day. We had several days that were used all day with only 1 Saturday that was not used. It was a busy month.

Volunteers

- Volunteers gave 135.75 **hours** of support in March. This does not take into account the numerous hours related to the book sale.

Desk Income, Gifts, Grants, or Donations: $1,710.01 in desk income in March.

Activities and programs:

301 people attended library programs or benefitted from outreach programs in March:

- After-School Reading program for school-aged kids every Wednesday with Liza Walsh (children must be pre-registered).
- Community outreach at local daycare center with Liza Walsh
- Monthly Large Print Book exchange with Jane Babbitt
- Monthly book group with Jenni Ruddy
- Twice-weekly French Conversation Group with Paul Charbonneau
- Weekly story time for babies and toddlers with Liza Walsh
- Drop-in Mah Jongg group on Wednesday evenings and Saturdays
- BookLovers' Café with Iris Eichenlaub
- Weekly Chess Club
- Star Wars Trivia!
- Monthly Movies @ the Library made possible by the *Cascade Foundation*

Other

- Future planning activities have generated a lot of interest in the library. Articles and letters were submitted to local papers.
- Survey and Focus Group reports and other Future Planning documents are posted on the website at http://www.rockport.lib.me.us/planning.php

TO: Robert Peabody, Jr., Rockport Town Manager & Board of Selectmen
FROM: Steve Beveridge, Director **Public Works** Department
RE: **Department Head Report**
DATE: **March 2011**

1. Worked on: cutting edges; Oshkosh; sanders; took the Oshkosh to Bangor for work and picked it back up; '99 F550 – water pump replaced, repaired a transmission leak, tail lights fixed, body work done, brakes repaired to get it ready for an inspection sticker; put a radio in the new Backhoe; '01 Freightliner-to get it ready for an inspection sticker, brakes; '93 L8000 – fuel tank; '04 Freightliner – mirror & lights; #1 '04 F550 brakes;
2. Harbor: started working on anchors & pins for harbor floats – 8 done
3. Fire Department: ordered parts and repaired brakes on one of the fire trucks
4. Garage: cleaned the garage at least 2 times
5. Meetings: Select Board meeting; Select Board/Budget Committee meetings/ Budget Committee meeting
6. Steve attended training for Shoreline Stabilization in Augusta – put on by MDEP
7. Opera House: borrowed the lift from the CSD to reset the auditorium spot lights for BCC events
8. RES East- kept plowed and readied for RES East walk thrus
9. At the end of February we had another major storm with several in March – we plowed, salted & sanded; cleaned up after snow storms; spot sanded & salted; spot plowed; took snow away from the Town Office & other ; pushed snow back in several areas of town including: Glen Cove, Old County Rd., West Rockport, Mt. Pleasant
10. On March 7 we had rain over night – spot sanded & on March 8 had heavy rain - patched washouts – over 1000 feet with stone & fill; fixed a washout on Simonton's Corner; Dodges Ridge – 650 feet; as it got colder spot sanded
11. On March 11 more rain – unplugged culverts on Mt. Pleasant and Beech Hill & patrolled roads for problems
12. Put out calcium on all sidewalks several times
13. Ordered cold patch and patched holes a few times
14. The Pathway was plowed 15 times this year and we put out calcium chloride after each plowing
15. Due to rains – felt winter coming to an end and started to breakdown a couple of vehicles – later in the month did an about turn and put everything back together again for snow storms
16. Helped MCSWC out with problems
17. Took 14 loads of stone to Beauchamp Point to try to shore up the road – it was muddy and almost impassable.
18. Took 9 loads of stone in the morning and 5 in the afternoon to Mt. Pleasant to shore it up
19. Put a frame and grate on a manhole on Gurney St.
20. Took 2 loads of stone to Mt. Pleasant and graded it
21. Hauled reclaim to our pile
22. Got ready – again – for a major storm predicted for April 1

Man hours available this month – regular time – 916 and overtime – 342, which equals 1258; Approximate man hours on the above projects – 1,099. This does not include the small extra projects, errands, and twice a week trash removal.

Last year we worked on the Oshkosh, readied the generator for a threatened large storm, '04 #1 & #2 F550-brakes & sander, hauled the #2 F550 to Rockland Ford for a rebuilt transmission, sharpened and got chain saws ready, the '93L8000, & the Loader bucket. The State closed Old

County Road due to a huge sink hole at the Rockland Golf Course and Rockport put out cones and signs on our end – when the State put up permanent signs, we took ours in. Cleaned the garage; arranged to have the locomotive at the harbor repaired, worked on the new RR bed, fill holes at the harbor; had several budget meetings and other meetings; due to heavy rain this month Steve met with many homeowners; Steve and Susan spent many hours working on the budget for the 10% and 20% reduction; purchased salt for our stockpile; painted plows and wings and got ready for storage; plowed and sanded and cleanup many loads of brush after March 1 snow storm; FEMA project after March 1 storm- repaired Mt. Pleasant and started calculations for FEMA event; started work on new picnic tables for parks; repaired washouts on Mill & West St. Extension; straightened many signs; repaired Town Office flag pole and put up new flags; pulled stakes for Christmas trees; checked catch basins and cleared of debris a few times; worked on catch basins on Calderwood and in Walker Park; worked on culverts on West St. Extension, Main St. and Clam Cove Drive; took sanders out of trucks and put back in due to storm threat; picked up waste oil; graded Mt. Pleasant; had several days of road patrol due to both snow and rain storms; picked up the new 2010 Freightliner in Westbrook –brought to garage – then took to HP Fairfield for body, plow & wing placement; cold patched; hauled old asphalt to Marriner's Plant and hauled back reclaim. Man hours available were 1,551.5 and we accounted for at least 1,463.

Per KRCC policies.

Craig Cooley
Director

Harbormaster Monthly Report
March 2011

March was a short month at the harbor seeing as that I started back to work mid-month. While we didn't get as much snow as we typically do, it certainly wasn't as nice as March of last year with 75 degree days so there was some snow and ice clean-up to tend to.

- Replied to the emails and phone messages that had amassed over the winter.
- Removed and stored all of the remaining x-mas decorations on the building and the tree.
- Attended the Portland Yacht Services annual boatbuilding show. I made some contacts regarding our float and pump-out projects this spring. I got to try out some of the new radar systems as I will be purchasing one for the boat this spring as well.
- Started on the upstairs office space. Moved everything out and got materials for insulating and sheet rocking.
- Both Jodi and I attended the annual Harbormaster Training in Castine for three days. The contacts and information on new regulations keep us up to date and in touch with all of the surrounding harbors, a very helpful resource.
- Responded to billing issues that arose over the winter.
- Presented the budget to the Select Board and attended meetings to discuss it.
- Met with the Harbor Committee to get final approval for fees for 2011-12.
- Presented the Select Board with the harbor fees for 2011-12 for their approval. They approved the fee schedule 5-0.

It seemed awfully early to be thinking about the upcoming boating season but soon the snow will be replaced by cars and the empty harbor will be packed with boats. I can hardly wait.
