

Town of Rockport

UNDERGROUND ELECTRICAL SERVICE ORDINANCE

PURPOSE

To exclude the Town of Rockport from any liability or responsibility from any underground energized private power line that runs in or through a public easement, public right of way or roadway.

No person or entity may install or privately own an underground energized power line inside a public easement, public right of way or roadway. Installation made to benefit the Town of Rockport shall be exempt from this ordinance upon review and approval of the Board of Selectmen.
