Molly Larson, Librarian

Public Safety

Stephen Beveridge, Public Works Director
Craig Cooley, EMA Director
Mark Kelley, Police Chief
Abbie Leonard, Harbor Master
Bruce Woodward, Fire Chief

Office of Planning and Community Development
Monthly Report – April 2009

Permits

Miscellaneous Permits: Twenty-eight permits were issued in April 2009. This figure included: one school building for Ashwood Waldorf, renovations, use permits, shed, deck, demolition, vegetative clearing, and eight (8) sign permits. Thirty-seven permits were issued in April 2008.

Plumbing and Subsurface Wastewater Permits: Four internal plumbing permits and four subsurface wastewater disposal permits were issued in April 2009. Five permits were issued in April 2008.

Boards & Committees

Planning Board: The Planning Board met in April 2009 to review a request from the Rockport Planning Office for endorsement of a conceptual plan for shore access from the Glen Cove Rest Area. In April 2008 the Board reviewed applications from Thomas Swartz (Hot Wax Auto Detailing), Dave Herrick and Carolyn Cavanaugh (addition of 9,880 s.f. graveled parking area), Camden Rockport Motor Inn and Habanero Restaurant (second floor deck) and Jay Carlsen (Down East Homes) for a modular home display on Commercial St.

Zoning Board of Appeals: The Zoning Board of Appeals did not meet in April 2009 or April 2008.

Harbor Committee: The Harbor Committee reviewed and approved the application of Oivind Lorentzen for a pier, ramp and float in April 2009.

Conservation Commission: The Conservation Commission met in April 2009 to review and discuss the following: Schedule the mailing of the pesticide letter; approve Marsha Mongell's request for \$75 to cover cost of pesticide educational material; decide whether or not to participate in April 18th Green Fair at Plants Unlimited; a progress report on water testing and posting for Clam Cove Pollution; discuss the future of the Habitat Initiative; Future Aims & Goals: Continue discussion about; Ragged Mountain Wind Power Project Update; and Report on the meeting with Bob Shafto, Executive Director of the Maine Association of Conservation Commissions.

Ordinance Review Committee: The Ordinance Review Committee completed their work in April and will not reconvene until the fall unless requested by the Select Board.

Grants and Projects

Hoist Project: The control box including wiring, hydraulics and electric motor were installed in late March. Due to weather constraints and a reversed wiring issue, final operational testing was scheduled and completed in early April. The Harbor Master and Planning Director will draft rules for the operation of the marine hoist by commercial fishing interests.

Pascal Ave Project: Engineering plans are being developed by Gartley and Dorsky Engineering for the realignment of the intersection of Pascal Ave. and Route 1. It is anticipated that these plans will be completed in May. This project, which was supported by a grant for MDOT, will result in improved safety and reduced speed on Pascal Ave.

Access from Glen Cove Rest Area to the Shore: Conceptual plans have been completed by Landmark Corp. for access from the Glen Cove Rest Area to the shore. This project was supported by a grant from a Shoreland and Harbor Technical Assistance Grant, administered by the State Planning Office. Access to the shore from the Glen Cove Rest Area was a recommendation in the 2004 Comprehensive Plan. The plan was presented to the Planning Board in April for their endorsement.

Build-Out Analysis Project: The Planning Director is working with the Conservation Commission and Mid Coast Planning Commission to improve the information presented in the draft Build-Out Analysis. In a nutshell this project estimates the total build out of Rockport, based on the land use standards in place in 2009. It is anticipated that the revised analysis will be presented to the Conservation Commission at their May meeting.

**TOWN CLERK
MONTHLY REPORT
APRIL 2009**

- We issued 4 (1) Hunting Licenses, 17 (11) Fishing Licenses, 4 (30) Hunting and Fishing Licenses, 4 (2) Spring Turkey, 2 (0) Bear Hunting License, 1 (0) Fishing and Archery License, 1 Migratory Waterfall Hunt, 0 (4) Complimentary Spring Turkey, 0 (3) Complimentary Fall Turkey, 0 (3) Complimentary Muzzleloader, 0 (1) Complimentary Migratory Waterfowl, and 0 (1) Over Seventy Fishing License. Fees collected totaled \$750.25 (\$414.00).
- 66 (72) Boat Registrations, 0 (0) Snowmobiles and 1 (1) ATV Registrations, 1 (0) Duplicate ATV License, 1 (0) Non-Resident Milfoil Sticker, 51 Milfoil Stickers (Preserve Maine Waters) (These are now issued as part of the Registration.) were issued. Fees collected were \$2,081.45 (\$2,655.30), which includes \$392.45 (\$857.30) for sales tax.
- We issued 15 (9) dog licenses at a fee of \$59.00 (\$44.00). The Select Board signed the Dog Warrant on March 9th. Maynard Stanley, Animal Control Officer sent 33 letters to dog owners notifying them to license their dog(s) or they will be summons to court. Dog licenses expired on December 31st.
- Processed 10 (9) transfers, 188 (239) passenger cars, 0 (1) antique vehicle, 27 (20) commercial vehicles, 32 (38) trailers, 2 (1) motor home, 14 (19) motorcycles, 0 (3) tractor/spec mobile, 0 (2) mopeds, 0 (2) special equipment, 4 (7) duplicate registrations and 4 (4) duplicate stickers. Monies taken in for these transactions (excise tax) totaled \$53,883.62 (\$56,349.72).
- We processed \$2,881,124.33 in real estate taxes this month compared to last months' \$1,748,701.08. Obviously this has been an extremely busy month collecting money for taxes.
- Harbor Fees are still coming in. We collected \$\$8,078.00 (\$3,054.00) for mooring, tie-off, dinghy rack space, etc. and waiting lists fees. We also collected \$1,899.10 (\$1,754.60) in boat excise tax.
- I attended two Select Board meetings and took minutes for same. Held a Workshop "Positive Thinking" sponsored by Wellness Works (MMA) at the town office. Several employees attended the workshop.

*The first number represents 2009 and the second one in parenthesis 2008

Virginia B. Lindsey
Rockport Finance Director
Monthly Report - April 9, 2009

The finance department is responsible for the administrative and accounting work necessary to maintain the town's finances. Work involves maintaining the chart of accounts, preparing monthly financial reports, preparing payrolls (including all required state and federal payroll reports and taxes), preparing accounts payable warrants, reconciling bank statements, preparing insurance renewals, and submitting claims (auto, property and casualty, workers compensation claims), and a number of other bookkeeping requirements. Annually, the finance director assists the town manager in the preparation of the town's budget.

The report for the month of April 2009 includes the following:

- Investments increased in April by 1.94%; the overall loss for the fiscal year now totals \$113,129.
- The Interest rate earned on general funds remained at 0.20%. The interest rate in April '08 was 2.76%.
- Cash on hand at month end was 20.27% higher than last April.
- Taxes paid to date represent 79.31% of taxes committed, compared to 70.33% collected Apr 2008.

**APRIL 2009
DEPARTMENT HEAD REPORT**

**Judy Mathiau
Assessor**

- More than half of the personal property accounts have submitted their returns. Kerry reviews the forms as they come in and enters all of the information including owner, business name, their itemized assets, age, cost and depreciation. If the return is not satisfactory, then a second request is sent to the owner. On two occasions I have visited the business on site to assist them with their reporting. To date, we have a total personal property valuation of \$19,600,000. Last year our total was \$19,463,900.
- Several business owners have stopped into the office to seek assistance with their tax relief options on personal property. To date, approximately ten applicants have applied for and been approved for business equipment exemption. Last year we were reimbursed for 100% of this tax loss. This year we will get 90%. For those who do not qualify, they may be able to apply later this year for a reimbursement of taxes paid during 2008.
- The Mid-Coast Assessors met at the Union Town Hall and discussed the new BETE (Personal Property Exemption). The new law has been in effect for one year and it was interesting to hear from other Assessors as to the way they are handling the applications, decisions and correspondence. The first year appears to be an educated guess, because the language in the statute is gray in areas. Until it is tested at the State level, we will all do our best to administer this program in a fair manner.
- I attended a Saturday training session in Brewer and was a speaker in the afternoon. I presented "*MAXIMIZING YOUR REIMBURSEMENT*". This covered everything from the filing of the annual return to creating accurate lists for state audit. Currently, we are reimbursed for veteran and homestead exemptions and tree growth tax loss.
- I have reviewed all current use programs including tree growth, farm land and open space. We received two new applications for the farmland program. Due to non-compliance, I was forced to withdraw a farm land parcel and a tree growth parcel. As a result, both parties were penalized. Penalties may be enforced as a supplemental tax bill and in this case they totaled \$16,841.17. I have been notified that one of the parties plan to appeal.

As of April 1, 2009, we have the following "current use" parcel acres.

- farm land	760 acres	23 parcels
- tree growth	487 acres	11 parcels
- open space	478 acres	20 parcels

As a result, these parcels were reduced by \$10,653,800!!

TO: Robert Peabody, Jr., Rockport Town Manager & Board of Selectmen
FROM: Sue Dates, Rental Agent
RE: **Opera House Department Head Report**
DATE: **April 2009**

During the month of April Bay Chamber rented the Opera House for a Odeon rehearsals on Mondays and Tuesdays. The Watershed School held a benefit concert and Ashwood School held a benefit concert and a dance performance for students. Maine MS rented the meeting room for their annual Walk Stop Spot. The Garden Club held their 1st meeting in the Opera House and members are happy to be here.

Revenue for April was \$1,084.50.

Town meetings held in the Opera House Meeting Room this month were the Select Board and the Planning Board. The Zoning Board meeting was canceled. The Library sponsored the Terra Diddle Players in "The Blossoming of Spring" play, a Jackson Laboratory Presentation as part of their Health Series and a concert to benefit the roof fund.

The Opera House was in use- sometimes in both in the auditorium with almost back to back events and in the meeting room – for 22 of the 30 days during April.

Maintenance this month included keeping the building picked up and cleaned for the events, minor plumbing problems were addressed, and consultation about the heating problems was done. We are going to fix some of the plumbing problems in the men's room and we hope to fix the heat problems. The overhead lights in the auditorium were repaired and bulbs changed and a fan in the men's room was repaired. I wish to thank Floor Magic and Bob Duke for replacing the dirty and worn carpet in the front entry to the auditorium. We decided to replace the carpet with carpet squares that are readily available and decided upon a dark color that would blend in with the décor. In this way we can replace squares as they become worn and are able to access the door to the heated steps, should something need repair. The carpet looks excellent and I thank Bob for his donation of both the carpet squares and hiring the services to take up the old carpet and put down the new! This was a job well done and a donation to the Rockport Opera House that will improve the appearance upon entering the auditorium. The stove, large refrigerator, and freezer remained turned off, except when needed. They were not needed this month.

Last year during April our revenue was \$160.00 and the building was used for at least one event for 18 of the 30 days. Patrick was cleaning the building and did some painting. He was going to try to do the green room floor, but there were too many events that needed to use the green room.

Gifts and Grants

The library received **\$2549.85** in desk income in April. Desk income includes donations, photocopy charges, fines, and non-resident card renewal fees. \$752.00 was given for the 50/50 Birthday Roof Repair Challenge. Nearly \$500.00 was raised through the benefit concert. A gift subscription for OUI! Magazine was donated by the Rockport Public Library French Conversation Group.

Programs & Community Outreach

In total the library had **29** programs or community outreach activities during the month of April. There were 18 programs and community outreach activities for adults, and 12 programs and community outreach activities for children. **363** people participated in library programming last month! **190** people attended the adult programs and **173** (37 adults and 136 children) attended the programs for children.

Volunteers: Volunteers gave **88.5** hours of support in April.

Program highlights:

- Twice weekly French conversation group with Paul Charbonneau
- Weekly story time and craft with Jane Babbitt
- Community outreach to Coastal Workshop with Kim Slocomb
- Community outreach to local daycare centers with Jane Babbitt
- After school read-aloud with Jane Babbitt
- Artist Journals workshop (this program is sponsored by the Rudman Trust)
- BookLovers' Café with Iris Eichenlaub
- Poetry reading with local poets
- Benefit Concert for the library roof repair fund
- Outreach to Maine Media Workshops with Molly Larson
- Rockport Public Library Book Group with Jenni Ruddy
- Wellness Series kick-off with Jackson Laboratory

TO: Robert Peabody, Jr., Rockport Town Manager & Board of Selectmen
FROM: Steve Beveridge, Director **Public Works** Department
RE: **Department Head Report**
DATE: **April 2009**

1. Worked on: JD Grader, broom/sweeper
2. Mailed 36 Contractor's Bid/price list for 2009-10 prices
3. Harbor: worked on the hoist, put out floats and repaired one for the Harbor Master, moved the float from the Harbor for the Timberwind, bored 6 holes at Marine Park, put up a sign for Cramer Park and put up jersey barriers there
4. Swept the Town sidewalks, parking lots and roads of winter sand- used the Trackless, the Loader sweeper, and rented a sweeper- we did not record anyone calling to complain! We did have a couple of thank yous, though.
5. Cold patched
6. Painted plows and wings and put out for the summer
7. Got ready for rain storm on the 7th - problems on Hope St., Mt. Pleasant St., Chris' Rd, Scott's Rd, West Street Extension, Porter St., Park St., hauled at least 21 loads of stone and reclaim
8. Hauled reclaim to stockpile
9. Helped Aqua Maine repair a water problem on Park St.
10. Repaired the Fire Truck stored in West Rockport - radiator, oil, antifreeze and other problems
11. PW hot water heater problem repaired
12. Crew went to the Contractor's Show to look at new equipment & learn about new products
13. Hauled 3 inch minus to stockpile
14. Graded some areas of Town
15. Opened Beauchamp Point
16. Took wheels off the '04 Freightliner and to paint shop
17. Took down Posted Road signs
18. Picked up roadside trash from winter disposals
19. Picnic tables built for the Rec Field and opened the Rec Field
20. Put up street signs that disappeared during the winter
21. A sudden culvert problem on Gurney St. made a large hole appear in the street. The repair included the closing of the street for the better part of 1 day to replace the culvert with a large rented excavator.
22. Mailed Contractor Price requests - 39
23. Went to Women In Construction show to learn about new equipment
24. Put up flags for Patriot's Day

Last year we worked on the Vac-All, Grader, two Freightliners and the '04 F550's; mailed 41 Contractor Price requests; swept all the streets and sidewalks; graded Mt. Pleasant & Beauchamp Point; did winter brush and road cleanup; had some large trees cut due to winter damage; put up signs and replaced some due to winter weather and theft; took off plows and wings and most sanders - we still had the threat of bad weather; repaired some floats, but they were not put in until May; heavy rainstorm on April 29; & opened the Rec Field.

Harbormaster Monthly Report April, 2009

An 80 degree day followed by a 40 degree one, spring has sprung. As boats both recreational and commercial go out for their "shakedown cruise" there is potential for problems. The water temperature remains below 40 degrees so the consequences of an accident can be grave.

- Responded to a call from a woman whose 17 yr old grandson was on a 14' sailboat and had lost his rudder. Made contact with the boat by cell phone, got an estimated location and towed them into the harbor. Luckily, the weather was good and no one was hurt, the rudder was not recovered.
- Received a call on my cell phone from a man aboard a 19' inflatable that had lost its engine outside of Rockport. My response time (on a Sunday) would have been at least 20 mins. I contacted the Coast Guard station in Rockland to make them aware of the situation. The boat was towed safely into Rockland.
- Responded to a report of an oil sheen around a boat on a mooring. Upon investigation the source was located and the problem fixed. The owner and the proper authorities were contacted (DEP and the Coast Guard). It was decided that the amount of oil discharge was negligible and would not require additional clean-up or penalty. Thanks to Bruce Woodward for his help resolving the issue.
- The commercial floats and the launching ramp were put in on a beautiful Friday morning. Thanks to the Public Works crew for their help getting the ramp float fixed and hooked up, I have received many positive comments on the repair.
- The recreational floats will be in (weather permitting) by the 15th of May.
- In the process of re-issuing 7 moorings.
- Working with Tammy to sort out mooring waiting lists and tracking down unpaid mooring fees.
- The office is reconfigured. The new configuration has been getting a lot of positive feedback. As I type this I am able to keep one eye on the harbor.
- Everyday there are more people down here, with inquiries and questions, much of a sunny afternoon is taken up with public interaction.
- The boat is in the water, polished, re-lettered and ready for another season on the water.

Here's to a safe and sunny season!

BRUCE WOODWARD, FIRE CHIEF

The drill on April 2 was a tour and preplanning session for the new Rockport Elementary School. Eighteen fire fighters participated in the drill. The tour included various stages of completion of the rooms. The firefighters got to see many features of the construction that will be hidden from sight when the building is completed. The building will have a sprinkler system with standpipes in two stairwells. The sprinkler system will also include a fire pump to maintain adequate pressure. Construction features to limit smoke and fire spread were noted.

Back pumps and other equipment for fighting grass and woods fire were lubricated, checked over and repaired to be ready for the burning season. There seems to be more burning permits issued this spring for brush burning. The wet heavy snows of the winter broke many trees and limbs.

The highway department helped us out by repairing an oil leak on Engine 23. A gasket failed on the oil cooler. They also removed the radiator and had it rebuilt. The radiator was not yet leaking but the fins were seriously corroded from exposure to salt from the roads.

A rear end collision at Route 90 and Mill Street caused the gasoline tank on a Jeep to rupture and catch fire. Fortunately the driver was able to escape from an open window, because the doors had been jammed shut by the impact. The fire spread to some road side grass and brush.

Another fire on Mt. Pleasant Street was caused by burning brush in an open field. The fire burned over 1.4 acres prior to being extinguished.
