Rockport Purchasing Policy

Bidding - Purchase Orders - Purchasing

**Town of Rockport,
Maine**

Policy: 2014-01

Responsible
Official: Purchasing Agent
(Town Manager)

Effective
Date: January 1, 2014

1. PURPOSE

The purpose of this policy is to standardize the purchasing procedure of the Town of Rockport, thereby securing for the Town the advantages of a uniform purchasing policy in an effort to both save money and increase public confidence in the procedures for municipal purchasing, and to set guidelines for the limited use of credit cards by department heads. Additionally it is to promote the fair and equitable treatment of all suppliers of goods and services and to clearly set forth the duties and responsibilities of the department heads and the Purchasing Agent.

2. DEFINITIONS

For the purposes of this Policy, the following terms, phrases, words and their derivations shall have these meanings ascribed to them:

Bid: A formal written solicitation from a vendor for a set price to the Town for the purchase of equipment, goods, or services, based on criteria established by the Town. It is usually referred to simply as the "bid."

Bid Most Advantageous to the Town: A bid chosen by taking into account quality of merchandise, suitability of merchandise, and service/reputation of the vendor. The bid deemed "most advantageous" might not necessarily mean the lowest bid received.

Bid Package: The complete assembly of specific related material (whether attached or incorporated by reference) furnished to prospective vendors.

Cardholder: Individual who has been issued a credit card (bank and/or store) and who is authorized to make purchases in accordance with these policies and procedures.

Charge Account: A charge account requires the balance to be paid in full each month. A charge card simply defers payment until a later date, unlike a credit card that also may charge a late payment fee.

Cooperative Purchase: A purchase made by the Town in conjunction with, or from, another governmental or quasi-governmental agency, such as the State of Maine, school, county, another municipality, or Mid-Coast Solid Waste Corporation.

Competitive Bidding: The documented process of achieving the bid most advantageous to the Town for the goods and services desired.

Credit Card: A credit card is a payment card issued to users as a system of payment. It allows the cardholder to obtain goods and/or services based on the holder's promise to pay for goods and/or services at a later date to any vendor accepting that form of credit card. The issuance of the card creates a revolving account and grants a line of credit to the holder from which the user can borrow money for payment to a merchant to the user. Credit cards allow the holders a continuing balance of debt, subject to interest being charged. A credit card typically involves a third-party entity that pays the seller and is reimbursed by the buyer.

Emergency Purchase: A purchase necessitated by a threat to public health, safety or property.

Field Purchase: An informal purchase of supplies needed in small quantities from any vendor for day-to-day operation made directly by a department head or his/her designee; no formal approval or Purchasing Agent pre-approval required.

Formal Bid: A written proposal received in a sealed envelope from a vendor, and opened at a specified day, place, and time.

Formal Quote: A written quote from a vendor when contacted by a department head or the Purchasing Agent for particular equipment, goods, or services.

Goods and Services: The complete array of purchases of the Town, including but not limited to: supplies, commodities, equipment, construction materials and labor, consulting services, and training.

Group Purchase: A purchase made by the Town by grouping two (2) or more departmental requisitions in one (1) purchase order.

Invitation to Bid: The solicitation of qualified vendors to provide equipment, goods, or services.

Informal Quotes: Quotations, written and oral, received from a vendor by means other than a formal Request for Proposal (RFP) or Request for Quotation (RFQ) process.

Purchase: Buying, renting, leasing, or otherwise acquiring supplies or services for a price.

Purchasing Agent: Purchasing Agent means the Purchasing Agent or the Purchasing Agent's designee, in accordance with the Town Charter.

Purchase Order: A document authorizing a vendor to deliver goods or services, in exchange for payment at a later date.

Qualified Vendor: A qualified vendor is one who agrees to the Town's terms of payment of and who demonstrates quality, timely delivery, and quality performance.

Request for Proposal (RFP)

A request for proposal (RFP) is a solicitation made through the bidding process interested in procuring goods or services, or valuable asset, to potential suppliers to submit proposals.

The RFP presents preliminary requirements for the commodity or service, and may dictate to varying degrees the exact structure and format of the supplier's response. Effective RFPs typically reflect the strategy and short/long-term Town objectives, providing detailed insight upon which suppliers will be able to offer a matching perspective.

Request for Qualifications (RFQ): A bid solicitation for professional services typically engineering, design or legal which provides the Town a method to select a qualified vendor for a particular project or task. An RFQ may be used for the following: to pre-qualify vendors, to undertake design build projects, or to select a vendor who best meets the town's requirements to perform a project or task.

Single Purchase Limit: A dollar amount limitation of purchasing authority delegated to a cardholder. This dollar limit may vary from cardholder to cardholder.

Services: The lease or rental of equipment; the repair or maintenance of equipment owned by the Town or that is the responsibility of the Town; all labor furnished to the Town by persons, firms, individuals, or corporations not part of, or connected with Town government. It shall not include:

- Professional services provided to or for the Town by attorneys, architects, engineers, auditors, and other professional consultants;
- Utilities such as electricity, water, sewer, etc.

Specifications: Standards, including quality, set by department heads as a guide to the Purchasing Agent and as a measure of that which successful vendors must achieve.

Specifications shall be either technical specifications for bids, which shall state formulations as broadly as is practicable, yet be specific enough to meet the requirements of the department; or non-technical specifications for bids which shall state in general terms how the quality requirements will be achieved. Department heads may rely on technical advice from suppliers, salesman and other agencies in developing specifications.

Store Charge Card: A store charge card is a card that provides a payment method enabling the cardholder to make purchases which are paid for by the card issuer, and to whom the cardholder becomes indebted. The cardholder is obligated to repay the debt to the card issuer in full by the due date, usually on a monthly basis, or be subject to late fees and restrictions on further card use. Store charge cards are restricted to a specific store.

Surplus property: Any tangible personal property, i.e. equipment, furniture, clothing, tools, or vehicles owned by the Town, which is no longer needed at present, or in the foreseeable future. Items included may have been purchased with Town funds, donated as gifts, or found.

Supplies: General purpose consumable items which commonly have a shorter life span in use than equipment and machines, and which are stocked for recurring use.
