AGENDA

I. Public Comment

We request that all public comment should be directed toward the process for moving forward. There will be opportunities in the future to comment on what size the library should be, what facilities should be provided within the library and where the library should be located.

II. Ad Hoc Library Planning Committee post mortem

We request the members of the AHLPC provide a briefing of how the process went: highs, lows, worked great, needs improvement, what wasn't done that should have been, etc.

III. Library Committee thoughts

We request the Library Committee provide us with their thoughts on how the process worked from their delineation of program needs to the actual vote.

IV. LC, AHLPC and SB discussion

How do we proceed? What avenues should be explored? How should those avenues be explored?

V. Wrap-up
