

Camden Rockport Bicycle and Pedestrian Pathways Committee
Camden Town Office, Minutes
Jan 9, 2013
7:20 pm

Present: Geoff Scott (minutes), Kathleen Bachus, Ken McKinley (Select Board Liaison), Helen Shaw, Sani Fogel, John Anders

- Minutes – Dec minutes approved as written.
- Discussed various date options for Tannery trail construction. Decided on weekend of Sept 21, 22 for the volunteer weekend. **Action – Geoff** to communicate dates to MCC with goal of reserving dates
- Geoff or Anita will be the Committee’s representative to the recipient of the contract to develop the Riverwalk Plan. Kathleen will be the alternate.
- Discussed options to consider for lower section of the Riverwalk, from Knowlton into town.
 - Close off the one way from River House Hotel to Main St, making it only pedestrian accessible
 - Make the walkway color coded or somehow differentiate the surface
 - Include signage for points of interest up river. Plus ongoing signs as users move up up the river.
 - Maybe shift the River House parking lot over to be next to hotel gaining space for path along river.
 - Is it possible to build a boardwalk over the river along various sections like thru the narrow opening by the bagel café?
 - Two options to cross Main St – head to Harbor Park and if a bridge is ever constructed cross to the landing that way, or cross directly to the Landing thru the alley.
