CALL MEETING TO ORDER

The meeting was called to order at 5:58 p.m. by Chairman Turi.

1. ROCKPORT STEEL – WILLIAM GLOVER – SEASONAL RAMP & FLOAT

- a. Mr. Glover proposes to construct a 3' x 50' ramp and an 8' x 20 float at 116 Dearborn Lane. A Permit by Rule is in place for the existing stairway leading to the shore. The Code Enforcement Officer reviewed the proposal and is in agreement with it.
- b. The ramp will be seasonal and will be removed during the winter months.
- c. Mr. Glover intends to apply for a pier permit at a later date. Clarification was made between a pier and a ramp. A structure below high water mark is considered a 'pier' while a structure above the high water mark is a 'ramp.'
- d. An Army Corps of Engineers permit will be required.
- e. The Harbor Committee will support Mr. Glover's proposal. The Harbormaster will contact the Town Planner with this information. The Planner should review any proposal and sign the document before the documents go before the Planning Board.

2. REVIEW OF INNER HARBOR MOORINGS

The Committee reviewed an aerial photo of the harbor. There are six (6) non-commercial moorings located on the middle harbor.
